Monthly Tips, Volunteers, Contact WINGS

MONTHLY TIPS:

-Stovetop A Mess?
Generously sprinkle baking soda around the top of stove then spray hot water (boiling hot if possible) over it all—enough to dissolve baking soda without making it run all over. Let soak for about 30 minutes then scrub clean.
-Sink Scrub: Clean a stainless steel sink by sprinkling baking soda around the sink and scrubbing it down with a damp sponge.

WINGS would like to give a **heartfelt thank you** to all of the volunteers & supporters *who have given their time at our meetings, events & running the WINGS office.* We couldn't run WINGS with out all of you!! Would you like to organise an event, workshop or join the WINGS Events Committee?? Just do it!
